

High Performance Solutions for Education Marketers

With Tech Powered by **media**net

Perform Media Search provides advertisers and agencies direct access to the Media.net publisher network.

Contextual recommendations combined with the power of Search and Native advertising.

Access to top Comscore publishers in a network with over 10 billion monthly ad impressions across 500,000+ sites.

The Perform Console and our expert client services team works with you to achieve your campaign goals.

High engagement with our 2-click search model that funnels highly qualified traffic and eliminates fraud.

Easy portability, thanks to existing campaigns that can be leveraged to get started.

Say Hello to COLLEG E NROLL

Perform Media leverages its exclusive partnership with the Media.net publisher network to reach an organic, high-intent student audience. We help education marketers get an A+ on their KPIs.

Along with its expertise in contextual advertising, Media.net offers its owned and operated property, CollegEnroll - the platform of choice for students looking to discover universities that match their higher educational goals.
